

# STN e-Seminar in August 2018

Hi everyone,

STN is running the following e-Seminar in August -

**Title:** I Didn't Know You Had That! – Improving Your Search Results with Lesser Known Data in STN Databases

**Abstract:** Beyond the data you search every day, and the STN tools you routinely use, there are additional data and tools that can help you be more efficient with your searching. We'll show with many search examples how to improve your searching by using Digital Object Identifiers, Electronic Publication Dates, Numeric Property Values, Patent Expiration Dates, and precision searching of term fragments within words.

**Date:** August 30, 2018

3:00 pm Europe Summer Time (Berlin, GMT+02:00)

2:00 pm GMT Summer Time (London, GMT+01:00)

9:00 am Eastern Daylight Time (New York, GMT-04:00)
