Volume 31, Number 4, 2009 Forum members may be interested to know that the latest issue of this international, peer-reviewed journal has recently been published, in electronic form, with main contents as below. (Abstracts available to all at www.sciencedirect.com) We are always pleased to receive high quality articles to be considered for publication in the journal. So if you have done research, carried out surveys, etc on patent, design or trademark searching or classification, or on relevant changes in legislation or practice, this is a potential outlet for your efforts. Discussion papers on significant, topical issues are also welcome. We will also be pleased to hear from you if you would like to be included in our list of potential referees in the peer-review process.
