

# Gearing up for the PIUG Annual Conference 2019

We are getting closer! There are some new workshops to sign up for. Don't forget about the Wednesday afternoon [workshops](#) and the STN Patent Forum on Thursday. Also please make your hotel reservations through the [hotel room block](#). Room nights are a very important part of our contract with the hotel. If you have newer colleagues, this should be the perfect opportunity to learn about PIUG and patent searching. Lots of excellent educational opportunities and networking with colleagues.

See you there.
